declare this case complex pursuant to 18 U.S.C. 3161(h)(8). The Court ordered that this case shall be deemed complex for purposes of the Speedy Trial Act, 18 U.S.C. §§ 3161, et seq. based on the large volume of the discovery, the large number of defendants in this case and the other related cases, and the complex nature of the prosecutions and possible existence of novel questions of fact or law. Based upon the joint motion of all parties, the Court found that it would be unreasonable to expect defense counsel to be able to effectively prepare for pre-trial motions and trial within the period normally prescribed by the Speedy Trial Act, 18 U.S.C. §§ 3161, et seq., taking into account the exercise of due diligence. The Court concluded that the ends of justice served by a continuance outweigh the best interest of the public and the defendants in a speedy trial.

On February 1, 2008, the Court held a status hearing with all parties and all counsel present. Counsel for Defendants reported that the Government continues to make the extensive discovery materials available to all defense counsel and that discovery is proceeding expeditiously. Counsel for Defendants requested a further status hearing set by the Court with the agreement of all present for May 9, 2008.
